Programs include job search assistance through resume preparation, job search planning, and group workshops. Please see above for financial resources.

GED®(GENERAL EDUCATIONAL DIPLOMA) TEST PREP

SCHEDULE

MORNING CLASS ONSITE IN PHILLIPSBURG

July 8 – August 17, 2024
Mon/Tues/Wed/Thurs, 9 am to 12 pm
GED601A0

Warren Community College offers **FREE CLASSES** designed to improve basic reading, writing, and math skills to prepare participants for the GED® Test, which leads to a New Jersey State-issued diploma.

ENGLISH AS A SECOND LANGUAGE (ESL)

SCHEDULE

MORNING CLASS ON ZOOM

July 9 – August 17, 2024
Tues/Wed/Thurs, 9 am to 1 pm
ENG621A0

Warren Community College offers **FREE CLASSES** designed to improve English proficiency for beginner—to intermediate-level students. These classes help students attain the basic skills necessary to function successfully in the workforce, as parents, and as community members.

Requirements: Students must have a <u>printer</u>, a computer or laptop with a <u>camera</u> and a <u>microphone</u>, and the ability to use Zoom.

GED and ESL: <u>Phone registration</u> begins June 17, 2024, by calling 908-835-2432.
PLEASE NOTE: Registration is on a first come, first served basis.

These programs are funded by the Workforce Innovation & Opportunity Act of 2014 Title II, Adult Education & Family Literacy via the NJ Department of Labor & Workforce Development.
First Class: Must provide a current photo ID (driver's license, passport, county or MVC ID).

ESL / GED via ZOOM will be offered evenings in September.

CAREER TRAINING PROGRAMS

MEDICAL ASSISTING PROGRAM* (ENROLLING FOR FALL)

New Hybrid Format

Medical Assisting

Highly Recognized, Nationally Accredited
Attend Part-Time or Full-Time

The hybrid medical assisting program blends online learning with visiting the Phillipsburg Education Center and off-campus training sites for hands-on experiences. Meet each Tuesday & Wednesday from 8:30 am to 4:30 pm and select Mondays.

This seven (7) month, 760-hour full-time, grant-eligible program is nationally accredited. It includes Anatomy/Physiology/Pathology, Medical Terminology, Pharmacology, Medical Laboratory, Clinical Assisting, Insurance/Coding/Managed Care, Computerized Office Procedures, Healthcare Law & Ethics, Psychology/Therapeutic Communications, Medical Office Procedures, 160-hour Externship (without remuneration), CPR/First Aid, and job search preparation. After successful program completion, students sit for the AAMA's national certification examination and are eligible to become Certified Medical Assistants – CMA (AAMA). Graduates also have the option to matriculate into the AAS degree program. **Prerequisites: 18 years of age, clear criminal history, HS diploma or equivalent, or current graduating H.S. senior, with knowledge of Windows and Microsoft Word. All applicants must be interviewed.**

Mandatory Orientation: Friday, August 30, 2024

Schedule:	**8:30 am—4:30 pm on campus each Tuesday and Wednesday (and select Mondays) and live, online Monday, Thursday, and Friday.**
Dates:	**September 4, 2024, through March 7, 2025**.
Location:	Phillipsburg Education Center and Main Campus
Cost:	**$5,949** + $140 annual digital textbook subscription with Cengage†

Registration begins with scheduling an interview; email Dr. Marianne Van Deursen at **vandeursen@warren.edu.**

The A.A.S. Degree Option is available to students who complete the entire Medical Assisting program and wish to matriculate into the degree major. Please see the program director for more information. Our program is fully approved by the American Association of Medical Assistants (AAMA) and is prepared to meet the demands of the healthcare system. The Medical Assisting career-track certificate program at Warren Community College is accredited by the Commission on Accreditation of Allied Health Education Programs (www. caahep.org) upon the recommendation of the Medical Assisting Education Review Board (MAERB). Commission on Accreditation of Allied Health Education Programs.

PERSONAL ENRICHMENT

INTRO TO MUSIC THEORY (FOR VOCALISTS AND MUSICIANS OF ALL AGES AND SKILL LEVELS)

PRS831A3
June 24 – August 12, 2024
Mondays, 7 pm to 8 pm (ONLINE)
$120

Learn the fundamental aspects of music theory, including note reading, scales, intervals, clefs, rhythm, form, meter, chord spelling, and basic harmony. Classes assume no prior knowledge of music theory.

REGISTER AT 908-689-7613

CAREER TRAINING

Fiber Optics Career Courses

Sanctioned by the Fiber Optic Association (FOA), the world's largest professional society of fiber optics.

Provided in partnership with BDI Datalink.

Registration is encouraged *one week* before the start date of each course.

CERTIFIED FIBER OPTICS TECHNICIAN (CFOT)

This introductory course explores the theory and history of fiber optics data transmission. It is designed for anyone wanting to become certified in the necessary installation, troubleshooting, and testing techniques of installed fiber optics networks as required per industry standards. This program includes 85% hands-on activities, allowing you to build and test your fiber optics network. Certification Exams are administered and graded at the end of the session. You must pass the written and hands-on exams to pass this course successfully. This course is recognized by The US Department of Labor and is sanctioned by the Fiber Optic Association (FOA). **Prerequisites**: **Basic knowledge of computers; ability to speak and understand English.**

FOT600A0
August 19 – August 21, 2024
Monday, Tuesday, and Wednesday, 8 am - 5 pm
Phillipsburg Education Center
$995

CERTIFIED FIBER OPTICS SPECIALIST IN OUTSIDE PLANT (CFOS/O)

This comprehensive 2-day* program trains students for outside plant fiber optic installation. Aimed at technicians working outside plant cabling for telecom, CATV, security, utilities, municipal networks, etc. This course introduces the student to industry standards governing installing, testing, and troubleshooting OSP fiber optics cables. Proper Mid-Span Access procedures will be demonstrated during class. Students will learn how to identify OSP fiber cabling types properly, recognize various outside plant closures used in OSP fiber installation, and install, prepare, terminate, splice, and properly test and troubleshoot installed OSP fiber cable to existing standards.

Prerequisites: CFOT course FOT600.

FOT603A1
August 22 - August 23, 2024
Thursday & Friday, 8 am – 5 pm
Phillipsburg Education Center
$1,025

NEW! WOODWORKING 101

JOB629A2

This 48-hour course is provided in partnership with the NJ School of Woodwork. If you want to learn how to make objects with wood, this is the place to begin. Students will be introduced to accurate layout methods, cutting with handsaws, and using hand planes & chisels. Safe operation and use of the bandsaw, jointer, and thickness planer will be practiced. The course project is a wedged mortise and tenon footstool. This project will involve all the skills introduced, and you will produce a piece you will have for years! Students will practice and apply all skills through the guided completion of "small builds" & woodworking projects.

OCCUPATIONAL AND TRADES

CAREER TRAINING PROGRAMS

ABCs OF BECOMING A SUBSTITUTE TEACHER

EDU820A0

August 6-22, 2024
Tuesdays & Thursdays
6 pm to 8 pm
Phillipsburg Education Center
12 hours
$119

Substitute teaching can be a rewarding profession for people looking to make a difference in children's lives and leave a positive impact on their communities. Potential substitute teachers will learn the benefits and challenges of substituting, the steps involved in completing the state-required application, what to expect in a day of substituting, techniques for managing student behavior, and more. Go home with strategies and a "make-n-take" you can use on your first job day. To be eligible as a substitute teacher, applicants must have a minimum of **30 college credits** from a regionally accredited college/university and a criminal history background clearance.

NEW! BECOME A CERTIFIED PARAPROFESSIONAL

PARAPRO PREP COURSE

EDU821A3

June 18- 25, 2024
Tuesday/Thursday/Tuesday
6 pm to 8 pm
Phillipsburg Ed Center Room P117
$59

This course will prepare you for the ParaPro Assessment exam so you can work as a teacher's aide. It includes a review of the exam's math, reading, and writing topics and classroom strategies connected to those areas. The goal is to ensure paraprofessionals have the necessary skills and knowledge to support teachers and students with classroom instruction.

In New Jersey, prospective candidates must:

- Have an associate degree, OR
- Two years of college, OR 60 credits
- Demonstrate knowledge of and the ability to assist in reading, writing, and math instruction.

REGISTER 908-689-7613

CERTIFIED ANIMAL CONTROL OFFICER (ACO), LIVE-ONLINE
IN PARTNERSHIP WITH THE CAREER DEVELOPMENT INSTITUTE

Successful completion of this course meets the requirements of the N.J.A.C. 8:23A-2.2 statute for appointment as an ACO by a New Jersey Municipality. Additionally, this is the only Certified ACO Course whose graduates receive certification for Pet First Aid and Incident Command Systems 100 and National Incident Management 700 by the National Wildlife Fire Coordinating Group. In addition to the classroom component, participants must arrange for and complete a 20-hour field training component to receive certification. Completion of the course requires attendance at all classes. Enrollment is open to any person 18 years of age or older, and there is no requirement for prior experience or training to attend this course.

LAW848A0
July 8 – 16, 2024 (7-day course)
Week 1 – Monday through Friday
Week 2 – Monday and Tuesday
9 am to 5 pm
$989

Must register by June 27, 2024.

Live-Online Course
Register by June 27th
NJ Certified Animal Control Officer
Week 1 - Mon-Fri
Week 2 - Mon & Tue
7 day course
9 am - 5 pm
July 8 - 18, 2024

Age Ranges: 8 to 11 and 11 to 14

$135 TO $169 PER SESSION   SCHEDULE - M, T, W, TH

MORNINGS - 9:30 – 12 PM | AFTERNOONS 1 PM – 3:30 PM | EVENINGS 4:30 PM – 7PM

3D GAME DESIGN WITH UNITY

Ages: 8-11 and 11-14

Are you ready to take your game design skills to another level? With Unity, an industry-grade design software, aspiring game designers will learn level editing, 3D modeling, impactful gameplay creation, and how to utilize scripts and variables. Student-created games will be available on a password-protected Black Rocket website to share with friends and family. Returning students can create more advanced projects that are built on previous years. **Specs: Compatible with MAC and Windows OS only and requires a 64-bit operating system.**

NEW! A.I. ADVENTURES – INTRO TO MACHINE LEARNING

Ages: 8-11 and 11-14

Explore the world of artificial intelligence to design fully interactive games and experiences using cutting-edge technology. This program combines artificial intelligence with coding to create an unforgettable learning adventure. Students will construct machine learning models that use image and text recognition within block-based coding software to build a portfolio of projects. Student-created projects will be available on a password-protected Black Rocket website to share with friends and family. Students will work in pairs or teams for most of the program. **Specs: compatible with MAC, Windows, and Chrome OS.**

BEATS AND JAMS: DIGITAL MUSIC CREATORS

Ages: 8-11 and 11-14

Begin your rise to the top of the charts with digital music production! Like today's top artists, you can design your own beats or remix a mashup of your favorite songs to become a digital composer and sound engineer. In this course, students will learn to produce digital music, record sound, make sound effects, and mix their own tracks. No prior music experience is necessary. Student-created soundtracks will be available on a password-protected website to share with friends and family. Students will work in pairs or teams for most of the program. **Specs: compatible with MAC, Windows, and Chrome OS.**

CODE BREAKERS

Ages: 8-11 and 11-14

Calling all future coders, programmers, & designers! Learn the basics of coding languages like HTML, JavaScript, and CSS through a series of web projects and design challenges each day, and be on your way to becoming the next tech star! Whether you want to be a Silicon Valley CEO or the high school student who just made $1 million dollars for programming in her bedroom, this course has the essentials you need to begin your journey. Projects will be available on a Black Rocket website to share with friends and family. Returning students can create more advanced projects that build on previous years. Students will work in pairs or teams for most of the program. **Specs: compatible with MAC, Windows, and Chrome OS.**

JAVASCRIPT DEVELOPER JAM

Ages: 8-11 and 11-14

Learn programming tools so powerful they seem like magic! Start off by exploring an array of core programming concepts with JavaScript by experimenting in a series of digital challenges. Start with programming your first animated memes, then tackle more advanced skills such as interactive 3D experiences and game creation. Projects will be available on a password-protected Black Rocket website to share with friends and family. Students will work in pairs or teams for most of the program. **Specs: compatible with MAC, Windows, and Chrome OS.**

UPDATED! MAKE YOUR FIRST VIDEO GAME!

Ages: 8-11 and 11-14

Our classic game design camp reimagined to include even more of what you love! Make your first video game in this one-of-a-kind class that gives you the keys to designing your first 2D platformer game. Conceptualization, level design, graphics, sounds, and simple coding are just some concepts we'll explore. No prior experience is necessary, just a desire to have fun! Student projects will be available on a password-protected Black Rocket website to share with friends and family. Students will work in pairs or teams for most of the program. **Specs: compatible with MAC, Windows, and Chrome OS.**

MAKE YOUR FIRST 3D VIDEO GAME!

Ages: 8-11 and 11-14

In this Black Rocket classic, you will go well beyond the limitations of the traditional 2D game design classes and create an immersive 3D world. Students will learn the physics behind 3D games and explore beginner event scripting and level design, controlling the flow of gameplay and storytelling. Student projects will be available on a password-protected Black Rocket website to share with friends and family. Projects are only compatible with Windows devices. Students will work in pairs or teams for most of the program. **Specs: Compatible with Windows OS only.**

MINECRAFT® DESIGNERS

Ages: 8-11 and 11-14

If you love the game Minecraft and always wanted to design your own world, this class is for you! Learn how to create a custom map, design structures to share between worlds, build with Redstone and Command blocks, and create custom textures for you to import at home or share with friends. **Students must have the Java version of Minecraft to take this class**. Tablet, phone, and game console versions of Minecraft are not compatible. Returning students can create more advanced projects that build on previous years. Students will work in pairs or teams for most of the program. **Specs: Compatible with MAC and Windows OS only. Purchase Minecraft Java Edition**

MINECRAFT® REDSTONE ENGINEERS

Ages: 8-11 and 11-14

Take the next step beyond simply "playing" Minecraft and become a true Redstone engineer. Expand your Redstone knowledge by constructing your own carnival with a variety of mini-games, roller coasters, and attractions powered by Redstone. Learn how to use Command and Structure blocks to incorporate them into your builds. Activate your skills and take your Minecraft structures to the next level! **Students must have the Java version of Minecraft to take this class**. Tablet, phone, and game console versions of Minecraft are not compatible. Students will work in pairs or teams for most of the program. **Specs: Compatible with MAC and Windows OS only. Purchase Minecraft Java Edition.**

MINECRAFT® MODDERS

Ages: 8-11 and 11-14

Customize your own Minecraft world and mod the classic game in this one-of-a-kind class. Learn scripting and logic statements as you create your first mods. Students will create a wide variety of new elements, gameplay mechanics, and world-generating mods to change the way you play Minecraft. Projects will be available on a password-protected Black Rocket website to share with friends and family. **Students must have the Java version of Minecraft to take this class**. Tablet, phone, and game console versions of Minecraft are not compatible. Returning students can create more advanced projects that build on previous years. Students will work in pairs or teams for most of the program. **Specs: Compatible with MAC and Windows OS only. Purchase Minecraft Java Edition.**

POKÉMON® MASTERS: DESIGNERS & 3D MAKERS UNITE!

Ages: 8-11 and 11-14

Want to learn the world's fastest-growing programming language favored by Google, NASA, YouTube, and the CIA? Learn how to code with Python to create engaging apps and games. Each lesson takes you step-by-step on a programming path that will let you challenge friends with fun content you create from start to finish! Returning students can create more advanced projects that build on previous years. Students will work in pairs or teams for most of the program. **Specs: Compatible with MAC and Windows OS only**

PYTHON PROGRAMMERS

Ages: 8-11 and 11-14

NEW! ROBLOX® CODERS

Ages: 8-11 and 11-14

Discover the Lua coding language while designing experiences in ROBLOX®, an online universe where you can create anything you dream of. This class combines game design concepts, coding, and fun! New developers will learn to use Roblox's Studio software to reimagine the popular game genres with your own custom code! Student-created games will be available on a password-protected Black Rocket website to share with friends and family. Students will work in pairs or teams for most of the program. **Specs: Compatible with MAC and Windows OS only.**

ROBOLOX® MAKERS

Ages: 8-11 and 11-14

Unlock the power of ROBLOX® Studio, the world creation tool used by real-world ROBLOX® developers! Learn how to build 3D models and create an adventure in your ROBLOX® world. Bring characters to life with unique animations you design. Student-created projects will be available on a password-protected Black Rocket website to share with friends and family. Students will work in pairs or teams for most of the program.. **Specs: Compatible with MAC and Windows OS only.**

UPDATED! VIDEO GAME ANIMATION

Ages: 8-11 and 11-14

Bring your animations to life with design tools used by real game developers! Create sophisticated sprite animations using simple-to-learn techniques that you can use in any 2D editor. Squash, stretch, and shade your creations to make your characters pop! Students do not need any prior experience in game design, animation, or sketching. Student-created games will be available on a password-protected Black Rocket website to share with friends and family. Students will work in pairs or teams for most of the program.. **Specs: Compatible with MAC, Windows, and Chrome OS.**

YOUTUBE® CONTENT CREATORS

Ages: 8-11 and 11-14

Find your voice and leave your mark on the world! Whether you are six or sixteen, it's time to start a career as the next YouTube star. Explore the variety of content and personalities on YouTube and how to find your niche. Learn the Dos and Don'ts of the platform and how to practice good digital citizenship. Develop your on-camera presence, your own channel branding, and professional editing skills. Take home a plan for launching your own channel with the content created in class! Student projects will be available on a password-protected Black Rocket website to share with friends and family. Students will work in pairs or teams for most of the program. **Specs: *Compatible with MAC and Windows OS only. *A webcam is required for this course when online.**

REGISTRATION INFORMATION

Continuing Education is located at the
Warren Community College
PHILLIPSBURG EDUCATION CENTER (PEC)
445 Marshall St., Phillipsburg, NJ 08865
Phone: (908) 689-7613
Fax: (908) 878-0170

REGISTER TODAY!
1. Complete the registration form and mail it with a check made payable to WCCC-PEC. There is a $25 fee for returned checks.
2. For payment information or registration by phone, please call 908-689-7613.
3. Please visit the Continuing Education Department (office P129) at the Phillipsburg Education Center if you would like to pay in person.

Once you have paid, please assume your registration is confirmed and the class is running unless you hear from us.

PEC OFFICE HOURS
Administrative offices are open Monday-Thursday, 8 am - 6 pm, May 20 through August 16, 2024.

EMPLOYER OR AGENCY SPONSORED
Purchase orders, vouchers, and letters of intent to pay (on company letterhead) are accepted by mail or fax with your completed registration form.

REFUNDS AND FEES
Refund Policy: Certain online programs are not refundable; see course brochure for info. You may withdraw three business days before the first day of class to receive a refund minus a $15.00 processing fee. No refunds will be issued thereafter. Students are responsible for the balance of tuition and fees in the event they terminate payment plans or private loans. Checks unable to be processed will incur a $25 fee.

DIRECTIONS
For directions visit **warren.edu/phillipsburg-location** or call (908) 689-7613.

Wednesday	Monday
Thursday	Tuesday

REPLACEMENT CERTIFICATES
There is a $15 charge for a certificate replacement.

TRAINING GRANT/FINANCIAL ASSISTANCE
You may be eligible to receive job skills training grants if you are unemployed, underemployed, working part-time, or receiving public assistance. For more information, please call 908-835-2432.

DISCOUNT POLICY
Students eligible to attend classes tuition-free are permitted to register for Continuing Education courses one day prior to the start date, on a space-available basis, with tuition-paying students constituting the minimum number to run the course. Senior citizens (60 and older) may be eligible for this discount. All course fees must be paid at the time of registration. Students are responsible for purchasing required textbooks. Third-party vendor programs do not qualify for discounts.

Continuing Education reserves the right to cancel classes due to inclement weather, when enrollment requirements are not achieved, or when other college functions take priority. Students will be notified by phone or by email. Tuition and fees are refunded in full when the course is cancelled by WCCC, and no fees are incurred by the student.

Registration is complete upon payment.
